Greg Thompson, Mayor
L. Wayne Adcock, Vice Mayor

May 31, 2011

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Monroe, Georgia:

The Comprehensive Annual Financial Report (CAFR) of the City of Monroe, Georgia for the fiscal year ended December 31, 2010 is hereby submitted as mandated by Official Code of Georgia §36-81-7. The financial statements were prepared in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

City Management assumes full responsibility for the accuracy, completeness and reliability of the presented data. To provide a reasonable basis for making these representations, management of the City of Monroe has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Monroe's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Monroe's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Mauldin & Jenkins, LLC, a firm of certified public accountants, issued an unqualified opinion on the City of Monroe's financial statements for the year ended December 31, 2010. The independent auditor's report is located at the front of the financial section of this report.

If the threshold is met, the City of Monroe is required as part of the independent audit of the financial statements, to undergo a federally mandated "Single Audit" designed to meet the needs of federal grantor agencies. Information related to the single audit if applicable, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings are included in a separately issued single audit report. For fiscal year 2010, a Single Audit was not required.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Monroe's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Monroe incorporated in 1821, is located in Northeast Georgia, approximately 40 miles east of Atlanta. Monroe is the county seat of Walton County. The City encompasses approximately 15 square miles and serves an estimated population of 13,234. The City of Monroe is empowered to levy a property tax on both real and personal property located within its boundaries.

The City operates under a Mayor/Council form of government. Policy-making and legislative authority are vested in a governing council consisting of the mayor and eight other members. The Mayor is elected at large, two Council Members are elected from super districts and six Council Members are elected by districts. Council members and the Mayor serve four-year staggered terms, with an election held every two years. City elections are conducted by the Walton County Board of Elections.

The City Administrator, who is appointed by the Mayor and Council, is responsible for carrying out the policies and ordinances of the Council and for overseeing the day-to-day operations of the City of Monroe.

The City of Monroe provides a full range of municipal services including police and fire protection, maintenance of streets, solid waste, building and zoning, code enforcement and library facilities. In addition to the usual government services, the City also provides a full range of utility services including electric, gas, water, wastewater, cable, internet and telephone. The City of Monroe also owns and operates the Monroe/Walton County Airport.

A goal of the Mayor and City Council is to maintain the high quality of citizen services while keeping the property tax millage rates at some of the lowest among surrounding areas.

Also included as part of the City's reporting are the City of Monroe Downtown Development Authority (DDA) and the Monroe Area Convention and Visitors Bureau Authority (CVB). While both are legally separate entities, they are included as a component unit in the City of Monroe's financial statements.

The annual budget serves as the foundation for the City of Monroe's financial planning and control. All departments are required to submit budget requests to the City Administrator who compiles the proposed operating and capital budgets. The City Administrator presents a proposed budget to the Council during their annual retreat work session. The final budget is adopted in accordance with state law. Budget to actual comparisons are provided in this report for each individual governmental fund for which an annual budget has been adopted.

Local Economy

While the north Georgia economy has felt the same economic downturn as the rest of the nation, the City of Monroe continues to maintain a stable financial environment. Monroe is the county seat of Walton County, which according to the U.S. Census Bureau was ranked 41st among the 100 fastest growing counties in the U.S. from April 1, 2000 to July 1, 2009. Although residential development has been slow, some commercial development continues.

The majority of the City's commercial development lies along the Highway US 78/GA 138 corridor. With the construction of the new area hospital expected to be completed by early 2012 the City expects this commercial growth to continue.

Long-term Financial Planning

The City is currently in the planning and redeveloping stages of an area just south of the downtown area. Monroe will receive Transportation Enhancement (TE) program funds in the amount of \$500,000 for the Broad Street (SR 11) Streetscape. Combined with \$250,000 of City funds, this project will improve both sides of Broad Street with sidewalk, retaining walls, pavers, landscaping and lighting from Alcovy Street through the Walker Street intersection. This project is a continuation of a previously funded TE project and will complement on-going efforts within the Broad Street Corridor. Application for more TE grant funds to continue this project was made in 2010. This project will continue the improvements into the old "Monroe Mill" district.

In 2011, the City will start rehab of sewer lines to serve one of our lower income areas with funds from a Community Development Block Grant (CDBG FY09). The City also plans to apply for additional CDBG grant funds to continue with our sewer rehab project.

The City has completed Phase I of the upgrade to our existing water treatment plant and with engineering now complete, we expect Phase II of this project to begin in 2011. The financing for these improvements is being done with low interest loan funds from the Georgia Environmental Facilities Authority (GEFA). The improvements will ensure continuation of a quality water supply for our citizens and improve the operation of the City's water treatment plant.

Relevant Financial Policies

The purpose of the City of Monroe's financial management policy is to insure that the City conducts its investment, cash and debt management activities in a responsible manner in full compliance with Federal and State Law. The City is committed to providing adequate cash flows to meet all current and future obligations. Adherence to this policy has allowed the City to maintain financial stability, all cash funds are properly collateralized and no short-term financing has been needed to meet operations.

Additionally, it is the City's policy to maintain budgetary controls to ensure compliance with legal requirements of the State of Georgia. The annual appropriation resolution approved by the Mayor and Council is adopted for all fund types with the legal level of control at the department level. During the year the budget was amended by Council; further detail on these amendments can be found in the MD&A.

Major Initiatives

The City of Monroe is working closely with Georgia DOT and Walton County to improve the area's transportation projects. As mentioned above, the Highway US 78/GA 138 area's growth has seen the need to extend GA Highway 138 to alleviate some of the traffic issues. Charlotte Rowell Boulevard, an extension of GA Highway 138 north of US Highway 78 to Highway 11, remains on schedule and the project will go out for contract letting later in 2011 according to Georgia Department of Transportation (DOT). This is one

example of the partnership to improve our local transportation network. Another example is the partnership between Monroe and Walton County to complete a truck by-pass around the historic downtown area. Engineering is underway and negotiations continue with Georgia DOT for approval and eventually the construction of this much needed connector.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Monroe for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2009. This was the eighth year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City received for the sixth year the GFOA's Award for Outstanding Achievement in Popular Annual Financial Reporting for its Popular Annual Financial Report for the fiscal year ended December 31, 2009. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government must publish a Popular Annual Report whose contents conform to program standards of creativity, presentation, understandability, and reader appeal. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit also must be given to the Mayor and the City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Monroe's finances.

Respectfully submitted,

Julian L. Jackson
City Administrator

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**Honorable Mayor and Members
of City Council
City of Monroe, Georgia**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Monroe, Georgia** as of and for the year ended December 31, 2010, which collectively comprise the City of Monroe, Georgia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Monroe, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Monroe, Georgia as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 6, 2011, on our consideration of the City of Monroe, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Schedule of Funding Progress – Retirement Plan as listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Monroe, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-21, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of special purpose local option sales tax proceeds have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Mauldin & Jenkins, LLC

Atlanta, Georgia
May 6, 2011

CITY OF MONROE, GEORGIA **Management's Discussion and Analysis** **For the Fiscal Year Ended December 31, 2010**

As management of the City of Monroe, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Monroe for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented here in conjunction with the letter of transmittal at the front of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the Fiscal Year 2010 are as follows:

- The City of Monroe's combined net assets totaled \$78,298,214. Of this amount, unrestricted net assets of \$4,421,278 may be used to meet the City's ongoing obligations to citizens and creditors.
- Total net assets increased by \$1,218,100 during the most recent fiscal year resulting from governmental and business-type activities.
- As of the close of the fiscal year, the City of Monroe's governmental funds reported combined ending fund balances of \$1,541,878, a decrease of \$210,931 in comparison with the prior year. Of this amount, approximately 68% of these funds are available for spending at the government's discretion (unreserved fund balance).
- The General Fund reported an unreserved fund balance of \$899,376 or approximately 10 % of the total General Fund expenditures.
- At the close of the fiscal year, the assets in the City of Monroe's Utilities Fund exceeded its liabilities by \$57,875,471. Included in these net assets is \$2,493,920 of unrestricted net assets available to meet the Utilities' on-going obligations to its customers and creditors.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the fiscal year ended December 31, 2010. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, judicial, public safety, public works, health and welfare, culture and recreation, and housing and development. The business-type activities of the City include utilities, solid waste and training center. The final category is the component units. Although legally separate from the City of Monroe, the City of Monroe Downtown Development Authority and the City of Monroe Convention & Visitors Bureau are important to the City of Monroe because the City of Monroe exercises control over these component units by appointing its members. Financial information for these component units is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 13-15 of this report.

Fund financial statements. The fund financial statements provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Monroe, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Monroe maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered a major fund. Data from the other six governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 49-52 of this report.

The City adopts an annual appropriated budget for its General, Special Revenue and Debt Service Funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget and can be found on page 19 of this report. Budgetary comparisons for Special Revenue and Debt Service Funds can be found on pages 53-55 of this report.

Proprietary funds. The City of Monroe maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its utility, solid waste and training center operations. The Utility and Solid Waste funds are considered major and the GUTA (training center operations) fund is nonmajor. They are the same as those functions shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

The City's proprietary fund financial statements are presented on pages 20-23.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24-47 of this report.

Other supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Monroe's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 48 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial condition. In the case of the City of Monroe, assets exceeded liabilities by \$78,298,214 at the close of the most recent fiscal year.

By far the largest portion of the City's net assets, \$64,037,333 (82%) reflects its investment in capital assets such as land, buildings, equipment and infrastructure (roads, bridges, sidewalks and utility service lines) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF MONROE, GEORGIA

Unrestricted	1,599,374	1,867,743	2,821,904	11,555,046	4,421,278	13,422,789
Total net assets	<u>\$ 19,238,339</u>	<u>\$ 19,940,462</u>	<u>\$ 59,059,875</u>	<u>\$ 57,139,652</u>	<u>\$ 78,298,214</u>	<u>\$ 77,080,114</u>

The full amount of unrestricted net assets is \$4,421,278 and may be used to meet the government's ongoing obligations to citizens and creditors.

Although the net assets of our business-type activities represent 75% of total net assets, the City generally can only use these resources to finance the continuing operations of the business-type activities.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

Governmental activities. Governmental activities decreased the City of Monroe’s net assets by \$702,123. Key elements of this decrease are as follows:

- Tax revenues decreased during the year. This decrease is primarily due to continued economic decline.
- Total expenses were consistent with prior year.

The following graphs show the breakdown by percentage of governmental revenues and expenses.

Governmental Revenues FY 2010

Governmental Expenditures FY 2010

Business-type Activities. Business-type activities increased the City of Monroe's net assets by \$1,920,223. The Utilities Fund, largest of the City's business-type activities, accounted for 85.4% of the operating expenses and approximately 86% of the operating revenues among business-type activities. Key elements are as follows:

- Increase in water and wastewater rates.
- Increase in solid waste rates to keep up with increasing disposal rates.
- Overall effort to keep expenses down.

Business-Type Revenues FY 2010

Business-type Expenses FY 2010

FINANCIAL ANALYSIS OF CITY OF MONROE'S FUNDS

As noted earlier, the City of Monroe employs fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Monroe's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$1,541,878, a decrease of \$210,931 in comparison with the prior year. Of this amount, 68% of this total fund balance amount (\$1,054,674) constitutes unreserved fund balance, which is available for spending at the City's discretion. The remainder of fund balance (\$487,204) is reserved indicating it is not available for new spending because it has already been committed to the Solid Waste Fund in advances (\$429,706), and other reserved purposes (\$57,498).

The General Fund is the chief operating fund of the City of Monroe. At the end of the current fiscal year, the unreserved fund balance of the General Fund was \$899,376, while total fund balance reached \$1,386,580. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 10% of total General Fund expenditures, while total fund balance represents 15% of total General Fund expenditures.

Fund balance of the City of Monroe's General Fund decreased by \$205,403 during the current fiscal year. Key factor in this decrease is the increase in employee health insurance costs.

Total fund balance for nonmajor special revenue funds at year-end was \$20,020. This total, all of which is unreserved, had a net decrease of \$6,012. Included above are the Forfeited Drug Fund and the Hotel/Motel Tax Fund. In the Forfeited Drug Fund the decrease was primarily due to an increase public safety expenditures from cases forfeited through the court system with funds restricted for law enforcement purposes from prior years. The Hotel/Motel Tax Fund showed a decrease resulting from a slow-down in the local economy. This fund accounts for local room taxes collected and are restricted for promotion of trade and tourism in the City.

The debt service fund has a total fund balance of \$661, all of which is reserved for the payment of debt service. The net increase in fund balance during the current year in the debt service fund was \$259. Principal payments made during the year were \$355,000 and interest expenditures \$289,482.

Proprietary Funds. The City of Monroe's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the Utilities Fund at the end of the year amounted to \$2,493,920, the Solid Waste Fund amounted to \$366,223, and those for GUTA totaled (\$38,239). The net increase in net assets for these funds was \$1,920,223.

Total net assets of the Utilities Fund increased by \$1,600,406. This increase was 25% lower than the previous year's increase of \$2,144,273. The total net assets of the Solid Waste Fund decreased by (\$43,717). This decrease is less than the previous year's increase of \$314,736. The total net assets of the GUTA fund showed \$363,534 at year end. This was the first year for the City's training center operations. Factors concerning the finances of these three funds have already been addressed in the discussion of the City of Monroe's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City of Monroe's General Fund budget is prepared according to Georgia Law and was amended by Council during the fiscal year. A comparison on General Fund actual expenditures to budget can be found on page 19. Differences between the original budget and the final amended budget for the General Fund are summarized as follows:

- Budgeted revenues increased from \$7,609,619 to \$7,882,619.
- Tax revenues accounted for a reduction of \$98,000 due to the decrease in collection of property taxes.
- Licenses and Permits increased \$57,000 due to the permitting of the new hospital.
- Intergovernmental revenue increased \$151,000 due to several grants received after initial budget was adopted.
- Municipal Court Fines decreased \$50,000 due to the decrease in municipal court collections.
- Increase to Charges for Services, Contributions and Miscellaneous revenues increased a net of \$213,000. Most of the increase is attributed to one time contribution for a special project and insurance settlement for roof damage.
- Budgeted expenditures increased from \$8,406,296 to \$9,121,896.
- \$605,500 increase to General Government, Municipal Court, Highways and Streets, Public Safety and Special Facilities for employee health insurance costs.
- Municipal Court, Community Center and Planning and Zoning were increased a total of \$20,100 to cover unplanned expenditures in each function.
- Special Facilities \$90,000 increase in expenditures for cost of roof at public library.
- Amended budget for use of Fund Balance of \$287,600.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City of Monroe's investment in capital assets for its governmental and business-type activities as of December 31, 2010, amounts to \$94,238,156 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, buildings and improvements, equipment, furniture & vehicles, and construction in progress.

Major capital asset events during the current fiscal year included the following:

Governmental type activities:

- \$103 thousand for infrastructure & improvements.
- Purchase of almost \$64 thousand in machinery, equipment and vehicles.
- Addition of \$426 thousand in land that was turned over to the City as donated assets.
- Construction in progress as of the end of the current fiscal year totaling \$50 thousand.
- \$31 thousand in equipment, furniture and vehicles sold as surplus.

Business-type activities:

- Purchase of almost \$139 thousand in specialized service installation equipment and vehicles.
- \$1.05 million in utility infrastructure & improvements.
- Construction in progress as of the end of the current fiscal year totaling almost \$3.5 million for electric, gas, sewer, water and cable upgrades and projects.
- \$51 thousand in electric infrastructure sold to Municipal Electric Authority of Georgia.
- \$57 thousand in equipment, furniture and vehicles sold as surplus.

Additional information on the capital assets can be found in the Notes to Financial Statements on pages 36-37 of this report.

Long-term debt. As of December 31, 2010, the City of Monroe's total long-term debt outstanding is \$29,570,000. Of this amount, \$5,785,000 comprises debt backed by the full faith and credit of the government. The remainder of City debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

CITY OF MONROE, GEORGIA

Revenue bonds	-	-	23,785,000	25,275,000	23,785,000	25,275,000
Total	\$ 5,785,000	\$ 6,140,000	\$ 23,785,000	\$ 25,275,000	\$ 29,570,000	\$ 31,415,000

The City of Monroe's total debt decreased by \$1,845,000 during the current fiscal year due to regularly scheduled principal payments made during the year. The City issued no new debt during the current fiscal year.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. The current debt limitation for the City of Monroe is \$33.4 million, which is in excess of the total bonded general obligation debt outstanding of \$5.785 million.

The City of Monroe's outstanding governmental activity debt or general obligation (GO) debt enjoys a favorable rating of A from Standard & Poor's Rating Service. The City's outstanding business-type activity debt or utility revenue bond debt is rated A- by Standard & Poor's Rating Service and A2 by Moody's Investors Service.

Additional information on the City of Monroe's long-term debt can be found in the Notes to Financial Statements on pages 37-40.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The declining economy has adversely affected several of the City of Monroe's main revenue sources. The reduction in revenue for Sales Tax, which includes local option and special local option sales tax, has been the most significant revenue shortfall. This reduction in revenue has resulted in the City's continued close monitoring of all revenues and expenditures.

The following indicators were taken into account when adopting the General Fund budget for 2011:

- Reductions in assessed value of the overall tax digest of around 4.5%. The rollback millage rate if adopted will allow for the levy to remain the same. Total tax levy was down just under \$38 thousand from 2009 to 2010 with a total tax levy of \$2,784,101.
- Decrease in local option sales tax revenue (LOST) and special purpose local option sales tax (SPLOST) revenues due to the economy.
- No additional staffing was approved for fiscal year 2011.

Anticipated revenues in the General Fund budget are \$9.17 million, down \$709 thousand from the amended 2010 budget. The 2011 budget was developed and adopted before 2010 fiscal year-end and reflects conservative revenue figures. No decrease in fund balance of General Fund is budgeted for fiscal year 2011.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of City of Monroe's finances for all those with an interest in our government's finances. Questions concerning this report or requests for additional information may be addressed to:

CITY OF MONROE, GEORGIA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2010**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (210,931)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.	(1,205,196)
The net effect of various miscellaneous transactions involving capital assets (i.e., donations, disposals) is to increase net assets.	415,987
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(17,721)
The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. This transaction, however, has no effect on net assets.	355,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(39,262)</u>
Change in net assets - governmental activities	<u>\$ (702,123)</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

**CITY OF MONROE, GEORGIA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Monroe, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

Incorporated in 1821, under the laws of the State of Georgia, the City of Monroe is governed by a nine member Mayor/Council form of government. The mayor is elected to a four-year term, and council members are elected to staggered four-year terms. The Mayor serves as the Chief Executive Officer and the other eight council members serve on a part-time basis. The Mayor is assisted by a city administrator to handle the daily operations of the City.

The City's major operations include public safety, fire protection, public works maintenance, utility services and general administrative services. In addition, the City exercises sufficient control over other governmental authorities that are included as part of the City's reporting entity.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable and can impose its will. The discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the City.

The Downtown Development Authority was activated by resolution in 1985 to promote and further develop trade, commerce, industry and employment opportunities within the City of Monroe, Georgia. It operates under an eight member board, one of which is a member of the City Council, appointed by the City. The City has the ability to impose its will on the Authority. The Authority does not issue separate financial statements and is included as a discretely presented component unit in the City's financial report.

The Monroe Area Convention and Visitors Bureau Authority was activated by resolution in 2008 to promote and further develop trade and tourism opportunities within the City of Monroe, Georgia. It operates under an eight member board, one of which is a member of the City Council, appointed by the City. The City has the ability to impose its will on the Convention and Visitors Bureau. The Convention and Visitors Bureau does not issue separate financial statements and is included as a discretely presented component unit in the City's financial report.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component unit. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component units for which the primary government is financially accountable. The statement of net assets will include non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes received up to sixty days after year end, sales taxes, franchise taxes, licenses, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

The City reports the following major governmental fund:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary funds:

The **Utilities Fund** accounts for the operation and maintenance of the City's water and sewer, gas, electric, and cable utility services.

The **Solid Waste Fund** accounts for the operation and maintenance of the City's transfer station and solid waste disposal.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets

Annual appropriated budgets are adopted for all governmental funds, with the exception of capital projects funds for which project length budgets are adopted. Budgets are adopted on a modified accrual basis, which is consistent with generally accepted accounting principles for governmental funds. All appropriations lapse at fiscal year end. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is used in the City's general fund. Encumbrances outstanding at year end are reported as a reservation of fund balance since they do not constitute expenditures or liabilities. There were no outstanding encumbrances at December 31, 2010.

E. Deposits and Investments

Georgia statutes authorize the City to invest in the following: (1) obligations of Georgia or any other state; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States government or one of its agencies; (4) obligations of any corporation of the United States government; (5) prime bankers' acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia. Any investment or deposit in excess of the federal depository insured amounts must be collateralized by an equivalent amount of state or U.S. obligations. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents. Investments are reported at fair value as determined by quoted market prices.

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds is reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, represent long-term borrowing arrangements with established repayment schedules, and are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Inventories

The costs of governmental fund type inventories (which are not significant to the City) are recorded as expenditures when purchased rather than when consumed (purchase method). Inventories of the proprietary funds are valued at cost using the first-in/first-out (FIFO) method.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2010, are recorded as prepaid items in both government-wide and fund financial statements.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. The City capitalizes intangible assets with an initial, individual cost of more than \$100,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The City has elected to capitalize all general infrastructure assets regardless of the acquisition date and has used the estimated historical cost to value these assets.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the City are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Life
Infrastructure	15-50
Buildings and improvements	20-50
Vehicles	5
Furniture and fixtures	10
Machinery and equipment	5-15

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The “revenue bond construction” account is used to report those proceeds that are restricted for use in construction. The “revenue bond current debt service” account is used to segregate resources accumulated for debt service payments over the next twelve months.

K. Compensated Absences

It is the City’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

L. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are reported as deferred charges.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

N. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures/expenses during the period. Actual results could differ from those estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$6,189,012 difference are as follows:

Bonds payable	\$ (5,785,000)
Bond issuance costs	62,857
Bond premium	(150,648)
Deferred charges on refunding	201,038
Accrued interest payable	(68,066)
Compensated absences	(449,193)
Net adjustment to reduce <i>fund balance- total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	\$ (6,189,012)

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense.” The details of this \$1,205,196 difference are as follows:

Capital outlay	\$ 212,640
Depreciation expense	(1,417,836)
	(1,205,196)
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	\$ (1,205,196)

Another element of that reconciliation explains that “The net effect of various miscellaneous transactions involving capital assets (i.e., donations, disposals) is to increase net assets.” The details of this \$415,987 difference are as follows:

Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 426,000
In the statement of activities, only the gain on the sale of capital assets is recorded. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold.	(10,013)
	(10,013)
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	\$ 415,987

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation explains that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$39,262 difference are as follows:

Compensated absences	\$ (34,245)
Accrued interest	4,305
Amortization of issuance costs	(9,777)
Amortization of deferred charges on refunding	(22,976)
Amortization of bond premiums	<u>23,431</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ (39,262)</u>

NOTE 3. LEGAL COMPLIANCE – BUDGETS

A. Budgets and Budgetary Accounting

The City of Monroe, Georgia employs the following procedures in establishing its annual budget:

1. Prior to January 1, the City Administrator submits to the Mayor and City Council a proposed operating budget for the fiscal year commencing on January 1. The operating budget includes proposed expenditures and the means for financing them.
2. The City Council holds a public hearing on the budget, giving notice thereof at least ten days in advance by publication in the official organ of the City of Monroe, Georgia.
3. The budget is then revised and adopted or amended by the City Council at a subsequent regular meeting in the year to which it applies and within forty-five days following January 1.
4. The adopted budget may be revised during the year only by formal action of the City Council in a regular meeting and no increase shall be made therein without provision also being made for financing same, for anything above the legal level of budgetary control, which is the department level. However, transfers within a department may be made within any fund without council approval. The final budget amounts shown in these financial statements reflect amendments approved by the City Council.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

B. Excess Expenditures over Appropriations

For the year ended December 31, 2010 expenditures exceeded the budget in the General Fund department as follows:

Fund/Department	Excess
General Fund - Library	\$ 5,273

The excess of expenditures over budget was primarily funded by available fund balance.

NOTE 4. DEPOSITS AND INVESTMENTS

Total deposits and investments as of December 31, 2010 are summarized as follows:

Amounts as presented on the entity wide statement of net assets:	
Cash and cash equivalents	\$ 3,858,183
Restricted cash and cash equivalents	8,419,241
Restricted investments	1,420,362
Total	\$ 13,697,786
Cash deposited with financial institutions	\$ 12,277,424
Investments in the Municipal Competitive Trust	1,420,362
	\$ 13,697,786

Credit risk. State statutes and City policy authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of December 31, 2010, the City's investment in the Municipal Competitive Trust were rated AAA.

At December 31, 2010, the City had the following investments:

Investment	Maturities (in years)	Fair Value
Municipal Competitive Trust - Short-term	Less than 1	\$ 1,420,362
Total		\$ 1,420,362

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

Interest rate risk: The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and City policy require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2010, the City and its component units are insured or collateralized as defined by GASB pronouncements and State of Georgia statutes.

NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The City bills and collects its own property taxes. The taxes are levied by October 20 based on the assessed value of property as listed on the previous January 1 and are due on December 20 of each year.

Property taxes are recorded as receivables and deferred revenues when assessed. Revenues are recognized when available.

Receivables at December 31, 2010, for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Utilities</u>	<u>Solid Waste</u>	<u>Nonmajor Governmental Funds</u>
Receivables:				
Taxes	\$ 628,619	\$ -	\$ -	\$ 1,695
Accounts	510,620	4,005,527	594,284	-
Due from other governments	262,326	525,442	-	20,256
Less allowance for uncollectible	-	63,643	-	-
Net total receivable	<u>\$ 1,401,565</u>	<u>\$ 4,467,326</u>	<u>\$ 594,284</u>	<u>\$ 21,951</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS

Capital asset activity for the fiscal year ended December 31, 2010 is as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 3,265,554	\$ 426,000	\$ -	\$ -	\$ 3,691,554

NOTES TO FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General government	\$ 235,717
Public safety	187,340
Public works	948,561
Culture and recreation	<u>46,218</u>
Total depreciation expense - governmental activities	<u>\$ 1,417,836</u>
Business-type activities:	
Utilities	\$ 2,719,270
Solid waste	<u>69,789</u>
Total depreciation expense - business-type activities	<u>\$ 2,789,059</u>

NOTE 7. LONG-TERM DEBT

Long-term liability activity for the year ended December 31, 2010 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
General obligation bonds	\$ 6,140,000	\$ -	\$ (355,000)	\$ 5,785,000	\$ 410,000
Less: Deferred charges, net	(49,935)	-	(455)	(50,390)	
Total general obligation bonds	<u>6,090,065</u>	<u>-</u>	<u>(355,455)</u>	<u>5,734,610</u>	<u>410,000</u>
Compensated absences	414,948	512,684	(478,439)	449,193	449,193
Governmental activity					
Long-term liabilities	<u>\$ 6,505,013</u>	<u>\$ 512,684</u>	<u>\$ (833,894)</u>	<u>\$ 6,183,803</u>	<u>\$ 859,193</u>
Business-type activities:					
Revenue bonds payable	\$ 25,275,000	\$ -	\$ (1,490,000)	\$ 23,785,000	\$ 1,545,000
Less: Deferred charges, net	(319,072)	-	12,354	(306,718)	
Total revenue bonds	<u>24,955,928</u>	<u>-</u>	<u>(1,477,646)</u>	<u>23,478,282</u>	<u>1,545,000</u>
Note payable	1,027,574	50,800	(90,443)	987,931	92,265
Compensated absences	247,375	493,386	(480,900)	259,861	259,861
Business-type activity					
Long-term liabilities	<u>\$ 26,230,877</u>	<u>\$ 544,186</u>	<u>\$ (2,048,989)</u>	<u>\$ 24,726,074</u>	<u>\$ 1,897,126</u>

For governmental funds, compensated absences are liquidated by the General Fund. The City has reported 100% of the compensated absence liability as due in one year based on the hours used during the current year exceeding the accrual as of year-end.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

General Obligation Bonds. In November 2000, the City issued General Obligation Bonds (Series 2000) to finance various construction and capital acquisition projects. These bonds were issued for an original amount of \$7,195,000 bearing interest of 5.275% per annum payable semi-annually on April 1 and October 1 and maturing in 2013.

In October 2006, the City issued General Obligation Refunding Bonds (Series 2006) to provide funds to advance refund \$4,270,000 in aggregate principal amount of the City's Series 2000 General Obligation Bonds. These bonds were issued for an original amount of \$4,430,000 bearing interest from 3.625% to 5.00% per annum payable semi-annually on April 1 and October 1 and maturing in 2019.

The debt service to maturity on the general obligation bonds is as follows:

Year Ending December 31,	Series 2006		Series 2000		Total
	Principal	Interest	Principal	Interest	
2011	\$ 10,000	\$ 204,462	\$ 400,000	\$ 67,802	\$ 682,264
2012	20,000	204,100	450,000	48,002	722,102
2013	20,000	203,376	505,000	25,502	753,878
2014	585,000	202,650	-	-	787,650
2015	645,000	173,400	-	-	818,400
2016-2019	3,150,000	358,050	-	-	3,508,050
Total	<u>\$ 4,430,000</u>	<u>\$ 1,346,038</u>	<u>\$ 1,355,000</u>	<u>\$ 141,306</u>	<u>\$ 7,272,344</u>

Revenue Bonds. The City issued the following revenue bonds in order to finance construction and system extension:

In February 2001, the City issued the Combined Utility Revenue Bonds (Series 2001) in the original amount of \$20,555,000 bearing interest at an average rate of 4.95% payable each June 1 and December 1 beginning 2003 until 2014.

In July 2003, the City issued the Combined Utility Revenue Bonds (Series 2003) in the original amount of \$13,275,000 bearing interest at an average rate of 3.06% payable each June 1 and December 1 beginning 2003 until 2018.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

The debt service to maturity on the Series 2003 and 2001 revenue bonds is as follows:

Year Ending December 31,	Series 2003		Series 2001		Total
	Principal	Interest	Principal	Interest	
2011	\$ 675,000	\$ 186,618	\$ 870,000	\$ 168,165	\$ 1,899,783
2012	695,000	164,680	905,000	129,015	1,893,695
2013	720,000	141,050	950,000	88,290	1,899,340
2014	700,000	115,850	990,000	45,540	1,851,390
2015	575,000	89,600	-	-	664,600
2016-2018	1,665,000	126,800	-	-	1,791,800
Total	<u>\$ 5,030,000</u>	<u>\$ 824,598</u>	<u>\$ 3,715,000</u>	<u>\$ 431,010</u>	<u>\$ 10,000,608</u>

In October 2006, the City issued the Combined Utility Revenue Refunding Bonds (Series 2006) to advance refund \$14,720,000 in aggregate principal amount of the Series 2001 Revenue Bonds. These bonds were issued for an original amount of \$15,040,000 bearing interest from 4.00% to 5.00% payable each June 1 and December 1 and maturing in 2025.

The debt service to maturity on the Series 2006 revenue bonds is as follows:

Year Ending December 31,	Principal	Interest	Total
2011	\$ -	\$ 707,163	\$ 707,163
2012	-	707,162	707,162
2013	-	707,163	707,163
2014	-	707,162	707,162
2015	1,060,000	707,163	1,767,163
2016-2020	6,160,000	2,684,813	8,844,813
2021-2025	7,820,000	1,028,724	8,848,724
Total	<u>\$ 15,040,000</u>	<u>\$ 7,249,350</u>	<u>\$ 22,289,350</u>

As part of the refunding mentioned above, the City has defeased certain outstanding general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. On December 31, 2010, the outstanding amount of bonds considered defeased is as follows:

Series 2000 General Obligation Bonds	\$ 4,270,000
Series 2001 Revenue Bonds	14,720,000

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

Note Payable. The City has also incurred debt to the Georgia Environmental Facilities Authority (GEFA) for construction of various water and sewer system projects. The notes payable to GEFA, including their original balances, are as follows at December 31, 2010.

<u>Interest Rate</u>	<u>Term</u>	<u>Due Date</u>	<u>Original Balance</u>
2.00%	20 years	2012	\$ 1,560,000
3.89%	N/A	N/A	825,250
			<u>\$ 2,385,250</u>

The above table includes GEFA loan 2009L05WS for \$825,250 that is still in the draw down phase as of December 31, 2010, and the repayment terms will be determined upon completion of the projects and the final draw being made. Interest accrues at 3.89%. As of December 31, 2010, the City is awaiting reimbursement from GEFA on drawdowns totaling \$353,000.

The debt service requirements to maturity on the note payable are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year Ending December 31,			
2011	\$ 92,265	\$ 2,565	\$ 94,830
2012	70,416	705	71,121
Total	<u>\$ 162,681</u>	<u>\$ 3,270</u>	<u>\$ 165,951</u>

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2010 is as follows:

Due to/from other funds:

General Fund	Nonmajor governmental funds	\$ 10,080
General Fund	GUTA Fund	318
General Fund	Utilities Fund	189,772
Utility Fund	General Fund	9,351
Utility Fund	GUTA Fund	52,989
Solid Waste Fund	Utilities Fund	236,817
		<u>\$ 499,327</u>

The outstanding balances between funds result mainly from the time lag between the dates that transactions are recorded in the accounting system, and payments between funds are made.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

Advances to/from other funds are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Solid Waste Fund	\$ 429,706

The amount payable from the Solid Waste Fund is for long-term financing provided to the Solid Waste Fund by the General Fund and is expected to be repaid in periods beyond December 31, 2011.

Interfund transfers:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
Nonmajor governmental funds	General Fund	\$ 754,251
General Fund	Utilities Fund	\$ 1,343,317
General Fund	Solid Waste Fund	360,748
GUTA Fund	Utilities Fund	401,773
		<u>\$ 2,105,838</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN

Plan Description

The City, as authorized by the City Council, has established a defined benefit pension plan (The City of Monroe Retirement Plan) covering all full-time employees. The City's pension plan is affiliated with the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the City are commingled with contributions made by other members of GMEBS for investment purposes. The City does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

As provided by state law, benefit provisions for participants in GMEBS are established by the respective employers. As authorized by City Council, the plan provides pension benefits and death and disability benefits for plan members and beneficiaries. All employees, excluding elected officials, who work thirty hours or more per week, are eligible to participate after one year. Benefits vest after five years of service. A City employee who retires at age 65 with five years of service is entitled to benefits of 2.0% of final average earnings in excess of covered compensation. An employee may elect early retirement at age 55 provided he has a minimum of 25 years total credited service to receive full benefits, otherwise early retirement may be elected after only 10 years of service for reduced benefits. Elected officials are entitled to \$30 for each year of service after reaching normal retirement age.

At July 1, 2010 the date of the most recent actuarial valuation, there were 311 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	55
Terminated vested participants not yet receiving benefits	36
Active employees - vested	160
Active employees - nonvested	60
Total	311

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)

Funding Policy

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the plan is to contribute an amount equal to or greater than the recommended contribution described below. For 2010, the actuarially determined contribution rate was 13.35% of covered payroll. Plan members are not required to contribute to the Plan.

For 2010, the City's recommended contribution was \$1,135,094. Actual contributions totaled \$1,135,094. The recommended contribution was determined as part of the October 1, 2009 actuarial valuation using the projected unit credit actuarial cost method. Actuarial assumptions include a 7.75% rate of return on investments and projected salary increases of 3.5%. The equivalent single amortization period, and related method, for amortizing the initial unfunded actuarial accrued liability is 14 years as a level dollar amount. The amortization period is closed for this plan year. The actuarial value of the plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a ten year period.

Employer Contributions

<u>Fiscal Year Ended December 31,</u>	<u>Annual Pension Cost (APC)</u>	<u>Actual Pension Contribution</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
2010	\$ 1,135,094	\$ 1,135,094	100.0 %	\$ -
2009	964,278	964,278	100.0	-
2008	882,118	882,118	100.0	-

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)

The following is a schedule of funding progress, using the actuarial cost method:

Actuarial Valuation Date	(a) Actuarial Value of Assets	(b) Actuarial Accrued Liability (AAL)	(b-a) Unfunded Actuarial Accrued Liability (UAAL)	(a/b) Funded Ratio	(c) Covered Payroll	[(b-a)/c] UAAL as a Percentage of Covered Payroll
7/1/10	\$ 9,998,559	\$ 14,442,984	\$ 4,444,425	69.23 %	\$ 8,470,865	52.47 %

The above schedule of funding progress serves as a surrogate for the funded status and the funding progress of the plan. The required schedule of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of the plan net assets is increasing or decreasing over time relative to the actuarial accrued liability.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of July 1, 2010.

NOTE 10. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the 12 county Northeast Georgia area, is a member of the Northeast Georgia Regional Commission (RC). Dues to the RC are assessed at the County level and are, accordingly, paid by Walton County. Membership in the RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and various municipalities of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the RC. Separate financial statements may be obtained from the RC's administrative office at 305 Research Drive, Athens, Georgia 30605.

NOTE 11. RELATED ORGANIZATIONS

The City's council is responsible for appointing a majority of the board members of the City of Monroe, Georgia Housing Authority. However, the City has no further accountability for the Authority.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. RISK MANAGEMENT

The City is exposed to various risks of losses related to: torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Settlements have not exceeded coverage for the past three years. The City is self-insured for both employee group health insurance and workers' compensation claims. The City maintains specific stop loss coverage in the amount of \$300,000 per claim for workers' compensation and \$40,000 per covered individual for employee group health insurance. A liability for employee group health insurance and workers' compensation claims is recognized in the General Fund when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The liability includes an estimate for claims that have been incurred but not reported.

Changes in the balances of claims liabilities during the past two years are as follows:

<u>Fiscal Year</u>	<u>Beginning of Year Claims Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Paid</u>	<u>End of Year Claims Liability</u>
2010	\$ 264,116	\$ 2,957,547	\$ 2,373,334	\$ 848,329
2009	\$ 283,333	\$ 1,980,346	\$ 1,999,563	\$ 264,116

NOTE 13. COMMITMENTS AND CONTINGENCIES

Grant Contingencies:

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

Contractual Commitments:

For the fiscal year ended December 31, 2010, contractual commitments on uncompleted contracts totaled \$446,250.

NOTES TO FINANCIAL STATEMENTS

NOTE 13. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Agreements with the Municipal Electric Authority of Georgia:

The Municipal Electric Authority of Georgia (MEAG) is a public corporation and an instrumentality of the State of Georgia created to supply electricity to local government electric distribution systems. As provided by State law, MEAG establishes rates and charges so as to produce revenues sufficient to cover its costs, including debt service, but it may not operate any of its projects for profit unless any such profits inure to the benefit of the public.

As of December 31, 2010, the City is an electric utility participant in MEAG and obligated to purchase all of its bulk power supply requirements from MEAG for a period not to exceed 50 years. The City has agreed to purchase all of its future power and energy requirements in excess of that received by the City through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the Authority. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each participating City has guaranteed a portion of the unpaid debt based on its individual entitlement shares of the output and services of generating units acquired or constructed by MEAG. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations. Payments to MEAG are made monthly based on KWH usage. The total payments under these contracts amounted to \$9,029,996 in 2010.

At December 31, 2010, the outstanding debt of MEAG was approximately \$5.6 billion. The City's guarantee varies by individual projects undertaken by MEAG and totals approximately \$86.2 million at December 31, 2010.

Agreements with the Municipal Gas Authority of Georgia:

The City has also entered into a contract for wholesale natural gas purchases with the Municipal Gas Authority of Georgia (MGAG) that requires the City to purchase all of its natural gas from MGAG. The gas supply contract with MGAG authorizes MGAG to establish rates and charges so as to produce revenues sufficient to cover its operating costs and retire its bonds issued to acquire long-term gas supplies for sale to its members, including the City. In the event that revenues are insufficient to cover all costs and retire the bonds issued by MGAG, the City is obligated to pay its "obligation share" of the costs of the gas supply and related services MGAG provides to the City, which costs includes amounts equal to principal and interest on MGAG's bonds. These obligations, which extend through the year 2016, are general obligations of the City to which the City's full faith, credit and taxing powers are pledged. The City's obligation to MGAG for gas supply costs are based on MGAG's costs to provide such supply, including bonds issued to purchase long-term rights to bulk supply. Payments to MGAG are made monthly based on actual usage. The total payments under these contracts amounted to \$2,676,554 in 2010.

Item # 1

NOTES TO FINANCIAL STATEMENTS

NOTE 13. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Agreements with the Municipal Gas Authority of Georgia (Continued):

At December 31, 2010, the outstanding debt of MGAG was approximately \$288.4 million. The City's guarantee varies by individual projects undertaken by MGAG and totals approximately \$3.3 million at December 31, 2010.

NOTE 14. HOTEL/MOTEL LODGING TAX

The City imposes a 5% hotel/motel tax on lodging facilities within the City. Revenues were \$25,117 for the year ended December 31, 2010. Of this amount, 100%, or \$25,117, was expended for the promotion of tourism.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULE

CITY OF MONROE, GEORGIA
NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are restricted to expenditure for specified purposes.

Forfeited Drug Fund – This fund is used to account for the City’s share of monies that have been forfeited through the court system that are restricted for law enforcement purposes.

Hotel/Motel Tax Fund – This fund is used to account for hotel/motel taxes collected that are restricted for promotion of trade and tourism in the City.

DEBT SERVICE FUND

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Service Fund – To account for the accumulation of resources for, and payment of, principal and interest on the City’s general obligation bonds.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

GO Bond Fund – This fund is used to account for various improvement and construction projects financed by the City’s general obligation bonds.

Capital Projects Fund – This fund is used to account for the receipts and disbursements of grant money used to fund various capital outlay projects of the City.

SPLOST Fund – This fund is used to account for the one percent Special Purpose Local Option Tax (SPLOST) funds collected by Walton County and disbursed to the City. The funds are used for specific capital projects as approved by voter referendum.

(1) The difference between the current year SPLOST expenditures and the total expenditures of the SPLOST fund is \$13,783. These expenditures relate to a bypass project which the City of Monroe is performing on behalf of Walton County. Expenditures related to the project are reimbursed by the County and do not represent expenditures of the City's SPLOST funds.

(2) The amount reported for prior year expenditures reflects changes made to correct expenditures reported in prior years.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Monroe’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

Financial Trends	<u>Page</u>
	60

These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time.

Revenue Capacity	67
-------------------------------	-----------

These schedules contain information to help the reader assess the City’s most significant local revenue sources, property taxes and utility charges.

Debt Capacity	81
----------------------------	-----------

These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.

Demographic and Economic Information	86
---	-----------

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.

Operating Information	89
------------------------------------	-----------

These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

- (1) The allocation of charges for services to the various functions was changed in 2006 to more accurately reflect the nature of the City's activities.
- (2) The City received and expended several large grants in 2006 that had not been received in prior years.
- (3) In 2006, the City received fewer grants and contributions related to business-type activities than in prior years.
- (4) During 2007, the City eliminated the internal service funds and began accounting for revenue and expenditures in the general fund.
- (5) During 2006 several large industries closed resulting in lower utility revenue and expenses.
- (6) Economic conditions in 2008 caused decrease in new construction and therefore reducing revenue from tap fees and capital contributions.
- (7) In 2009, the City raised water and sewer rates, lost a major wholesale water customer mid-year, sold the Oconee County Gas system factors that would lower revenues but also lower expenses.
- (8) The City raised solid waste rates.
- (9) 2010 was the first year for its new regional training facility.

Fiscal Year	Property Tax	Sales Tax	Franchise Tax	Other Tax	Total
2003	\$ 2,258,913	\$ 1,267,971	\$ 217,793	\$ 924,769	\$ 4,669,446
2004	2,351,239	1,609,567	237,448	980,690	5,178,944
2005	2,542,580	1,780,995	255,742	1,057,955	5,637,272
2006	2,686,312	2,390,642	263,886	718,778	6,059,618
2007	2,950,804	3,892,735 ⁽¹⁾	252,451	750,143	7,846,133
2008	3,058,767	3,828,681	197,159 ⁽²⁾	773,845	7,858,452
2009	2,957,251	3,714,049	224,043	760,134	7,655,477
2010	2,987,370	2,140,642 ⁽³⁾	241,805	736,234	6,106,051

- (1) Sales tax increase in 2007 was due to the first year for collection of Special Purpose Local Option Sales Tax (SPLOST).
(2) Franchise tax decrease in 2008 was due to the closing of an industry where Georgia Power paid franchise tax to the city.
(3) Sales tax decrease in 2010 was due to reduction in the amount of SPLOST collected.

(1) The increase in reserved fund balance of the general fund in 2007 was due to an advance to another fund for which fund balance is reserved.

(2) The decrease in unreserved fund balance of the capital projects fund in 2008 was due to the completion of several projects for which there were no offsetting revenues.

(3) The decrease in unreserved fund balance of the general fund in 2010 was due to excess health insurance costs for which there were no offsetting revenues.

(1) The City issued refunding bonds in 2006.

(2) The increase in 2007 taxes was due to the first year for collection of Special Purpose Local Option Sales Tax (SPLOST).

(3) Increase in grant funds.

(4) This includes SPLOST funds and reflects the first full year of projects.

(5) Due to economic conditions the City reduced capital purchases during 2008 and in 2009.

(6) Sales tax decrease in 2010 was due to reduction in the amount of SPLOST collected.

Source: Walton County, Georgia Tax Assessors Office

Note: Property in the City is reassessed periodically. Property is assessed at 40% of the fair market value; therefore, the assessed values are equal to 40% of the estimated actual value. Tax rates are per \$1,000 of assessed value.

- (1) Other property consists of historic, agricultural, conservation use, utility, motor vehicle and mobile homes.
- (2) Increase in industrial property due to end of tax abatement period for major industry.
- (3) Decrease in residential property due to county-wide reassessment.

Total	575	1,056	1,147 (3)	1,209	1,265	1,318	1,314	1,225	1,194	1,163

(1) Information by type unavailable.

(2) Beginning in 2006, the commercial classification was divided into Small C&L and Large C&L. Large C&L is classified as usage consistently over over one million gallons per month through a single meter.

(3) Residential, Commercial and Industrial sold decreased in 2008 due to increased conservation measures during drought.

(4) Wholesale sold decreased due to agreement ending late in 2009 with Walton County Water & Sewer Authority.

(5) Walton County Water & Sewer Authority purchased a small amount of wholesale during 2010.

(1) Information by type unavailable

(2) The City only had one Interruptible customer, and that company closed operations in 2004.

(3) The decrease in Industrial in 2006 and 2007 is due to a large industrial customer closing its manufacturing operations. Residential usage for 2006 decreased from 2005 as a result of much milder weather conditions.

(4) Large customer switched from Industrial Rate to Commercial Rate

City of Monroe	<u>5,785,000</u>	100.00%	<u>5,785,000</u>
Total direct and overlapping debt	<u>\$ 113,025,000</u>		<u>\$ 22,527,865</u>

Source: Assessed value data used to estimate applicable percentages provided by the Walton County Tax Assessors and the Georgia Department of Revenue Property Tax Division. Debt outstanding data obtained from Walton County's financial statements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Monroe, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the City's boundaries and dividing it by the county's total taxable assessed value.

(2) Source: Bureau of Economic Analysis

(3) Source: Georgia Department of Labor

* Data only available at the County level

Note: Beginning in 2005, City unemployment rates were calculated by the U.S. Department of Labor's Bureau of Labor Statistics (BLS) using a revised methodology. This methodology incorporates more current residency factors. Historical data could not be revised using the new method. Thus, estimates for city labor force data for 2005 and forward are not comparable to prior years. In some instances, there have been large changes in the unemployment rates from previous years.
